Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The reference of Caskey US 2004/0127826 was discussed as to whether or not it disclosed volatile substance as claimed by the applicant. It was agreed that the Caskey reference did not teach all of the limitations of the claims. A suggested amendment was discussed in regards to the broader independant claims 21 and 41 which do not require the limitation of volatile substance. Applicant's Attorney was notified that a further search would be required in class 424.
